

The Mason Line

by Chan Mason

May I take this opportunity to express my appreciation to the voters of Lemon Grove for giving me the opportunity to serve them for two years as a member of the Board of Trustees of the L. G. Elementary School District.

We would like to emphasize the fact that the Board of Trustees is the essential link between the people and their schools and while as an individual he has no right or power to act on his own as a speaker for school policy—this authority is delegated to him only when he is a member of the Board assembled in legally called meeting) a trustee does have the right and duty to consider and evaluate the opinions of others. (The above is adopted from 'Some Guidelines for Board Members' prepared for the 1953 San Diego School Trustees Institute.

May we say that as one who is constantly clamoring for community cooperation, we are hoping and will be actively working toward the best possible Public Relations. This we believe, can best be established by acquainting the people with the problems confronting our schools.

Now with a five man Board and a Citizen Advisory Committee we think it will be easier to convey those problems to the public than heretofore.

We mentioned the fact that Saint John Parent's Guild had helped our carnival so much by taking a booth and loaning us equipment. We now hear that one of Lemon Grove's Ladies Organizations has offered to take a booth for Saint John's at their Annual Rodeo Festival in June.

—ML

It is just our opinion that a couple of candidates for the 77th Assembly District have assured the election of John B. Gibson by accusing or inferring that he started the so called "political smear" of Ed Bulen. The Judge and foreman of the Grand Jury have emphatically stated that Mr. Gibson had nothing to do with the incident.

—ML

We can't give enough praise to the Summer Recreation Program which is shaping up, but it will take considerable adult supervision. So when you're called on to help, give 'em a hand. The whole program is on pretty solid ground now, but it's going to take some help from us adults.

Over My Shoulder

By A. F. "TONY" SONKA

CONCLUSION

Every person, every place of business, every home is a part of the history. There is a story behind every garden in Lemon Grove, and that story has a bearing on the history of the town.

In gathering material for this talk, I took special notice of the yards and gardens and I asked questions about the things that I saw there. "Why did you plant an Eastern lilac?" I asked at one place. It was told that the woman had a lilac in the old home in another state before coming to Lemon Grove and that the lilac had been like an old friend and had helped her to be better satisfied during the hard years. Whenever I asked the question I received nearly the same answer. The gardens were full of memories of other places, other trails, other years. And I began to think about the gardens, their gardens and mine, and I realized that I had done the same thing, that I had planted in my garden, things that reminded me of other places, happy times, days of long ago. My garden brought memories of the past, just as these other women's gardens brought them sweet dreams of an earlier day. When Mrs. White first came to Lemon Grove, she remembered the roses that she had and loved in the old home, and she planted roses. Lots of roses. Her yard was full of them. People came and admired. Offered to buy. So Mrs. White sold roses for many years. And all the time, her roses were helping her, bringing her sweet memories of other days, another home far away.

The lilac bush, Mrs. White's roses, all the trees and shrubs that folks planted because of the memories of other days, were part of the history that these good people helped to build.

James Twomey Acquitted In Wife Killing Charge

James Twomey, 8170 Lincoln Ave., who had been charged with the death of his wife, was acquitted this week by Superior Judge John Hewicker.

Twomey had been charged with shooting his wife through the eye in the bedroom of their home on April 21.

Judge Hewicker said in acquitting Twomey, "I am convinced this man was walking in his sleep."

Evidence showed that Twomey suffered nightmares and would beat his pillow and talk in Chinese. Evidence also showed that the Twomeys were a happy couple and they had been happy the night of the killing and had danced together and their son testified that their only quarrels were over his discipline. On the evening of Mrs. Twomey's death the couple had dined at Rosarita Beach and visited two taverns and met with other friends who testified to their happy relationship.

Twomey was invalidated out of the Navy in 1931 after a shell explosion in Chinese waters. He suffered serious skull fractures in a 1939 plane crash.

Tests showed that Twomey's story that he didn't remember anything before awakening with a revolver in his hand, standing between the couple's twin beds, were borne out by the testimony.

Lie detector tests also contributed to the evidence which freed Twomey.

More Expansion For Michael's

A separate entrance was assured to the dining rooms at Michael's at 7828 Broadway with the announcement of an expansion program following the purchase of the lease owned by the Lemon Grove Linoleum Co. adjacent Michael's present address.

John Neinan, operator of the linoleum firm, said that the expansion of Michael's was an irresistible force and although his lease has been sold to Henry Goldy, Michael's operator, the Lemon Grove Linoleum Company will remain in the community. He indicated that he has a location within a block of his present location.

Henry Goldy, meanwhile, said Americans now drink nearly a pound of tea a year. British average is 15 pounds a year.

ANNEXATION IS SOLUTION TO S.V. SEWER PROBLEM SAYS ENGINEER

Members of the Mountain Valley Taxpayers' Association were told this week at a Spring Valley meeting that parts of the Spring Valley Sanitation District should annex to La Mesa and San Diego to solve their sewage disposal problems. This recommendation was made by B. D. Phelps, San Diego Sanitary Engineer.

He recommended specifically, that the 20 or 30 properties in the Mt. Helix area annex the La Mesa area, and for annexation to San Diego of the south end of the Spring Valley District.

He suggested that a large part of the central area of Spring Valley could annex to San Diego and feed their sewage to that city by connecting with the sewers in Lemon Grove.

Greatest Opportunity Durgin Tells Business Group

Freeman Durgin told the Men's Club last week that Lemon Grove possesses the greatest opportunity for Chamber of Commerce leadership of any other community in the state. He said that the paid manager-secretary could do more for orderly development of the community than anything else he knew.

Durgin, who marks his 70th birthday this month, is on half-time basis with the El Cajon Chamber of Commerce because of poor health. Durgin said newcomers and businessmen cause a community to thrive. Old timers cannot stop progress. He said that newcomers, businessmen and property owners in that order are important to a Chamber of Commerce headed program of progress.

El Cajon supporters of the Chamber recently told Durgin that he was doing a better job on half-time than any other full time manager.

that the expansion of the dining area would cost approximately \$10,000 and that it would afford a Broadway entrance to the dining rooms. Acquisition of the new property will permit patrons to enter directly into the Coral Room and from there fan out to either of the other two dining rooms or to the cocktail lounge.

Henry Goldy, meanwhile, said Americans now drink nearly a pound of tea a year. British average is 15 pounds a year.

Big Ace Changes Hands in Area's Biggest Market Deal

HIGH AWARD BESTOWED ON GROVE RESIDENT

Ace Markets Incorporated, owners of the Lemon Grove Ace Market, the largest market in San Diego County, and two other markets, has been purchased by Mayfair Markets.

The Mayfair firm purchased all stock interest in the Ace outlet effective July 1.

James M. Banister, president of Ace, is at present out of the city completing final arrangements for the shift. When this transaction is completed Mayfair will operate eight large markets in San Diego area. It is probable that the Ace Market in Lemon Grove will be re-designated Mayfair but the other Ace Markets may continue under the present name. Banister, by the transaction, is reported to become a member of the board of directors of Mayfair.

Banister started a small grocery store in San Diego in 1947 after entering the business as a delivery boy. He expanded into the million dollar Ace in Lemon Grove March 25. In all, Banister has started five Ace Markets, sold two, and operates others in Pacific Beach and Point Loma.

Capt. W. F. Rodee, Commanding Officer of the U. S. Naval Air Station, stated that "The meritorious award is second from the highest recognition that can be granted a civilian employee of the Navy Department and the standards for qualification require outstanding integrity and devotion to duty."

Capt. Rodee's letter to Kallis, reported "In accordance with Navy Department policy this award is granted only for work performance of a truly exceptional level. Therefore, the Meritorious Service Award is comparatively rare and signifies a level of achievement that demands recognition and honor."

He is listed in Who's Who in Aviation, received his Bachelor's Degree at the University of Tartu in Estonia, Europe, and his Masters Degree at the University of Colorado. Kallis joined the propulsion test unit at Santa Susana in January.

M. H. GIRL SCOUTS IN COURT OF AWARDS

Monterey Heights Girl Scouts will have their Court of Awards on June 1, 7:30 p.m. at the Monterey Heights School Auditorium.

The program will include the awarding of medallions for a year's membership to 2nd and 3rd grade Brownie troops; the 4th grade troop will participate in their fly-up ceremony from Brownies to Girl Scouts; and 5th and 6th grade Girl Scout troops will receive badges they have earned this year. Each troop will entertain with a song.

It's a great fire fighting team Engineer Alexander of the Lemon Grove Fire Department, Guy Hunter, Jr. Fire Chief who goes to the Golden Avenue School, and Call Man Mike Calderone, also of the Fire Department, pose to publicize the groups to be aided by the Firemen's Ball to be held June 4.

FIREMEN'S BALL EXPECTED TO ATTRACT 500

The business people of Lemon Grove have nearly all pledged their support to the Grove Firemen's one annual event by purchasing ducats to pass on to their customers and employees to attend the Ball June 4 at the Junior High Cafeteria. The Ball is the only event put on by the Firemen to aid in their relief fund. These funds are also used to support organizations for the education of the citizens on Fire Prevention, Elementary School Junior Fire Chiefs and other activities.

"Nearly every fireman does work for the community on his days off for which he receives no pay," said Chief Hensley, who enumerated some of the extracurricular duties of his men.

Ray Carmody, President of the Relief Association, assured everyone who attends the Ball, a wonderful time. "This will, no doubt, be the best Ball we have staged. There'll be the door prizes, refreshments, and the best band in San Diego to dance to," said Carmody.

The Lemon Grove Lions and Kiwanis Clubs have pledged their wholehearted support by stating that the Firemen worked so hard on the Swimming Pool Carnival, they deserve our backing for that one event alone. The Fire boys worked all night policing and cleaning up the grounds at the Carnival. "They're always there when we want them; so let's turn out for them," said Bob Von Willer, past Lions presxy, "See you at the ball!"

The Dimmer View

by Max Goodwin

While I pecked last week at the diminutive brain of our brave sheriff for fearing a P-TA strip tease at our Swimming Pool Carnival, I must, in fairness to my reputation for being sullen and bitter, put the blame more fully where it belongs.

In this case, every county department with the exception of the County Supervisors, resisted to some extent the granting of a "carnival permit" for the Swimming Pool project.

The slow, apathetic attitude of county representatives which taxpayers experience when they have reason to contact these people in Civic Center, has all but frustrated many of us into a priority to Patton, our world famous mental institute.

The meandering trail of a permit for the people, for this project by the people and for the people, came to a sudden stop in the office of the County Planning Department. This department refused to initial the application which all other departments, including the County Council, had already ok'd.

Dr. Willis Miller, who is director of County Planning Department, through his department's refusal to approve the application, illegitimatized every church, P-TA, and civic club which sponsored the event and which, incidentally, was enough of a success to assure the swimming pool for Lemon Grove youngsters.

Miller told me that the ordinance by which he operates does not now specifically cover such events as we held. He admitted that he lumped it into an "all other" category which tosses the responsibility for approval into the laps of the Board of Super-

School Board Election Light —439 Votes Cast

A disappointingly light vote turned out to name three new places to the Lemon Grove Elementary School Board Friday.

Only 439 votes, out of approximately 7,000 registered voters, were cast, it was announced by Paul Reynolds, business manager of the school district.

Named to a three year term was Bert Betts with 356 votes. Channing Mason received the two year term with 338 votes. Robert Brown, the incumbent, received 336 votes for the one year term.

Out of the running was Don Ellis with 149 votes.

The board, until this election has been a three man board. Effective with the next regular meeting five men make it up. In addition to the men elected are Harry Griffen and Frank Armstrong.

Many in Lemon Grove were not informed about the election, although a legal notice appeared in the Review for three weeks, and news articles concerning the election and the candidates also appeared in the paper during the past two months. Notices were posted on the doors of all public school houses in the district. Throughout the state of California school trustee elections are always held on the third Monday of May if positions are to be filled.

Recent legislation makes mandatory the sending to all registered citizens full information with a sample ballot before any bond issue election. However, this does not apply to trustees' elections, and county counsel for schools in San Diego ruled that nothing concerning the trustees' elections be sent home with school children or mailed home with school funds.

All legal channels of information were used during this election. Perhaps the district may witness a heavier vote next May on the third Friday when again such an election will be held.

The school board will canvas the votes at 2 o'clock Friday, May 28, at which time the totals will be made official. The board will combine this chore with a special meeting which will carry on from the adjourned meeting which was called at past midnight May 17.

Johnny Dorman Wins Prize In National Photo Contest

A forty-four year old mechanic of the State Highway Department was killed Sunday morning when his foreign made roadster plummeted off Sweetwater Road just north of Jamacha Road and flipped over.

The dead man is Eugene Kelly, 3867 Achilles Dr., who died of a broken neck and a compound skull fracture.

The auto failed to make a curve on traveling at a high rate of speed, nearly residents reported, and left a 235 foot skid mark before leaving the road. The accident occurred at the property of Mrs. W. R. Smith, 1124 Sweetwater Rd., who had complained of the numerous accidents occurring at what is described as a very dangerous curve.

Mrs. Smith says that she has been in contact with county and state officials to do something about the dangerous section of the road and that recently she was given flares against such an eventuality.

FORMULA ROOM GIVEN TO SHARP HOSPITAL

A donation from Del Mar Charities assured the establishment of a complete Formula Room in the Maternity Department of the Donald N. Sharp Memorial Community Hospital.

Kenneth A. Nairne, president of Del Mar Charities, recently presented the San Diego Hospital Association with a check for \$7500 to provide for the equipment and furnishing of this important section of the Maternity Department.

Monday to Be Celebrated As Memorial Day

Most every business and office in Lemon Grove will be closed Monday to mark Memorial Day which comes this year on Sunday. The bank, post office, schools and all county offices will be closed.

Many residents will take advantage of the long weekend to visit the nearby resort areas as a result of the recent summer-like weather.

Churches on Sunday will offer Memorial Day sermon topics in keeping with the day. For many, a pilgrimage to cemeteries has been scheduled to pay respects to loved ones.

This is the last holiday before Independence Day, July 4, which also comes on Sunday this year.

Free Cake As Grove Shop Marks 6th Year

Do you feel LUCKY? Were you married on a LUCKY DAY? Born on a LUCKY DAY? If so, you should register at the Open House to be held by Anson Boite and Ralph Bowman to celebrate their sixth year in business in Lemon Grove, as the Grove Pastry Shop.

A name will be drawn each week and the LUCKY WINNER will receive a lovely large decorated cake for either an anniversary or birthday. The previous winner will draw the name of the next winner.

Saturday is the day to register and also sample some of the delicious cake to be served with coffee free to all visitors at the Grove Pastry Shop. The shop is located at 7815 Broadway.

School Bids to Be Opened Tuesday

Just about three months from the time residents here voted a school bond issue for needed classrooms on some of these rooms by the Lemon Grove School District Board of Trustees. In record time the district has been able to clear red tape and receive approval on the architect's plans to bid for one kindergarten room and six classrooms at the Golden Ave. School.

The bids will be opened at a special board meeting on June 1, at which time a contractor will be chosen to build the classrooms designed by Clyde Huffbauer, architect.

It is hoped by district personnel that three more units will be bid within the next month to six weeks. Construction will soon be begun on all twenty-nine of the needed rooms for the district.

It will be a long time before Grossmont Hospital will be available and in the period of waiting we are paying taxes on it. In the meantime a much smaller hospital has been built by the private enterprise of a Lemon Grove resident, Ray Snyder, without any fanfare. It is now in full operation at 55th street off of University Avenue, known as Villa View General Hospital and contains the latest in equipment. It is well worth looking over.

We wonder if all of Max Goodwin's lady friends who besiege him for free space in the Review for their pet projects subscribe to his paper. We hope so just as long as they don't insist on a Society Column—aptly termed the gold fish bowl of social arrogance, which so far is delightfully absent from the Review. We are not interested if the Smith-Jones and little Algernon had dinner with the Jones-Smiths and daughter Augusta Consuela last Sunday—it was probably spaghetti or beans if the truth were known.

GROVE P-TA PLANS EIGHTH GRADE EXCURSION

The executive board of the Lemon Grove School P-TA enjoyed a delicious ham dinner last Tuesday evening before the regular business meeting at the home of Mrs. John B. Dail, president. Later the group discussed the annual eighth grade excursion day which will be held on June 4, and many volunteered to attend as chaperones and furnish transportation in private cars.

Plans were also continued for the June 17 graduation. Mrs. Ray Milner announced that the well baby conference will continue during the summer, and those who wish to avail themselves of its services should make arrangements by calling the County Health Department, BE 9 7561, Ext. 465.

Those attending the dinner meeting included Mmes. Elizabeth Bunch, Kenneth Hall, W. L. Birch, Harold Randal, C. F. Barker, Fred Chamberlin, J. E. PRESENTATION OF CAPITOL FLAG MADE BY CONGRESSMAN UTT

"Give it to an organization you think worthy of receiving a flag had flown over the Capitol of the United States," said U. S. Congressman James Utt to Lemon Grove Review publisher Max Goodwin when Utt visited Lemon Grove recently.

The huge flag is on display at the office of the Review and will be presented as requested to an organization the Review feels worthiest of such honor. The presentation, however, will not be made until after the primary election so as to rule out any elements of politics. The latter is at Congressman Utt's request.

If you know of any group, club or organization that you feel should have this flag which was flown over the Capitol and has a letter of transmittal indicating that it was flown, write to the Editor and explain why this flag should be given to the organization of your choice.

Presentation will be made in late June or early July. For additional details call Mr. Goodwin at HO 6-1168.

Register Now For Kindergarten

Parents in the Lemon Grove School District are reminded that registration for kindergarten classes for September will be held next week in all elementary schools between the hours of 9 a.m. and 4:00 p.m.

Residents with children eligible for kindergarten next fall are asked to call at the secretaries' offices at Golden Avenue, San Miguel, Vista La Mesa, or Monterey Heights Schools to register them. At this time some proof of age must be submitted. This may include a birth certificate, baptismal certificate, any other legal document verifying age, or a photostatic copy of the above.

This is the only time during the student's public school career that this evidence will be called for, since a complete record will follow him through California schools from kindergarten through high school.

Because of present limited classroom space and possible increased population, parents are urged to register children early. If conditions become too crowded, entrance may be based upon date of registration. Entrance age is four years, nine months, as of September 1, 1954.

High School.

Classes in brass, woodwind and string ensembles will be conducted by Pattee Evenson, Carlos Muller and Daniel Lewis. Students attending will have the opportunity of "sitting-in" on one San Diego Symphony rehearsal a week along with the professional musicians. Also, Mr. Robert Shaw, San Diego Symphony director and Mr. Julius Herford, musicologist, will frequently work with the string classes, helping the students to improve their musical understanding of the works being studied. Several cellists and violists are needed to fill out the six string quartets now being formed.

The class of Miss McCurdy, presented a number of folk dances. The participants were dressed in calico and jeans, the girls wearing bonnets matching their long skirts.

Mrs. C. E. Nelson, convention delegate for the unit, gave a report on the activities and program of the State Convention of the Congress of Parents and Teachers held in San Francisco last month. Miss Helen Shelton, historian for the past year, gave a review of the work and programs carried throughout the year. ADAMS CHARGES "FEET DRAGGING"

gram to combat the juvenile delinquency problem in general, and the teen age dope menace in particular. Adams briefly summarized his broad training for sheriff.

After being graduated from Stanford University, Adams was a firing member of the International rifle teams for five years, and all-round rifle and pistol champion of the United States. Following training in all branches of police work, 1934-39, he was special agent for the FBI, 1940-41, and captured more bank robbers in the New Jersey area than any other agent in the history of that district. He was undersheriff twice, from 1941-42, and from Sept. 1, 1942, to Jan. 1, 1950.

Adams brought world-fame to San Diego County during World War II, when he fought with the Marines from Guadalcanal to Okinawa. His exploits in killing 15 enemy soldiers single-handedly earned him the title of the "One Man Army of Tulagi," and thousands of papers world-over featured pictures of this feat. He received two bronze star medals, one admiral's commendation, two presidential unit citations, and the Purple Heart. After a short period in private business, Adams was asked by Maj. Gen. W. T. Clement to reorganize the Marine Recruit depot's "police force," which he did with typical efficiency, before being relieved at his own request with rank of lieutenant-colonel in late March.

CAMP FIRE GIRLS CAMP
WOLAH SWIMMING POOL

As a result of the recent successful Camp Fire Girls peanut sale, the Camp Fire Girls resident camp at Cuyamaca will have a new swimming pool for use this summer, according to a news release by William T. Low, camping chairman for the organization. A contract has been signed with the RainBeau Water Equipment Company for construction of the pool and the pool is expected to be completed about mid-June.

The new pool will measure 30' by 60' and will have underwater lights, a diving board and completely up-to-date filtration and chlorination systems. Approximately one-half of its length will be three to five feet in depth and the remaining half will be nine feet deep. This feature allows for maximum use in teaching of swimming classes, Mr. Low explained.

The pool will be located on an attractive spot near the center of the camp which will facilitate maximum use.

CARNIVAL PORTRAIT

DIRECT TAXES

Direct taxes on individuals, totaling 32 and one-half billion dollars, made up one-half of the nation's total budget revenue for 1953. Income and profits taxes on corporations in the United States amounted to slightly more than 21 and one-half billion dollars in 1953.

Liquor and tobacco taxes accounted for 44 per cent of a 10 billion dollar excise tax in the United States during the fiscal year of 1953.

YOU BE THE JUDGE!

SPECIFIC AGREEMENTS

A well drawn contract avoids disputes and furthers good public relations. It keeps business friends.

Most oral contracts are as binding as those which are in writing, except where land is involved. Written or not, the main thing is to make the agreement clear. To do this, put it down on paper.

Suppose you have a document headed "Proposal." It reads as follows:

"We will build a garage for you on your lot for the estimated price of \$800, all work to be done in a workmanlike manner. Our work is guaranteed. Subject to the conditions printed on the reverse side."

Use the signature of the XYZ Company, if the word "Accepted," followed by a line for your signature.

Should you sign, or should you insist on changes?

Once you and the XYZ Company have signed the agreement, you cannot later escape the duties which you may have assumed. So think:

What is to be the size or type of construction of the garage?

In a contract, set out what is to be done, where, how, and by whom. Include these essentials in your agreement. If a contract is worth signing, it is worth reading carefully—all of it, even the "conditions printed on the reverse side." And don't sign it unless you are willing to be bound by it, exactly as it has been written!

Platter Parade . . . Are your little brothers' sisters having a birthday soon? If they are you'll be wanting to get them a real nice present that will last them for many more birthdays. I have just the thing you can get. Records! Children's records that may be purchased at Rother Electric, 8th & Broadway in the "big city" (Phone BE 4-3363). For a start you could buy them "The Nagger," Jerry Lewis; "The Noisy Eater," Jerry Lewis; "Sparky's Magic Piano," Capitol Records; also "Table Manners & Truthfulness," "Cleanliness & Good and Bad," and "Crossing Streets & Kindness to Animals." All of these records can be found in albums at standard prices.

Sports Round-Up . . . The final City League Tennis standings are in and we find La Jolla copping the highest laurels with an undefeated season of 10 wins and zero losses. In undisputed second place was Helix High School with a boastful record of 8-2. Naturally behind Helix one could expect to find "big brother" Grossmont with a 5-5 seasonal finale. (Grossmont fell to Helix twice in league matches.)

What's Happening . . . May 27—Thursday—"Hear What Their Future Holds"—P-TA final meeting.

May 31—Monday—Memorial Day—Legal holiday . . . June 2-Wednesday—Award assembly.

My Helix High . . . Are you one of the 200 lost souls who have not yet paid for their annual? The price has been boosted up to a mere \$3.25 and the deadline is soon. So let's get with it and don't be a square that gets left out in June . . . Junior and senior boys are reminded that fresh-

man and sophomore girls are not to attend the prom unless by special arrangement through the junior and senior counselors. Sounds lousy doesn't it, but them's orders . . . The following classes will not be offered in summer school unless there is an increase in enrollment: Vocal music, Girls' Tennis, Metals and Woodshop . . . Attention clubs! Any club who wishes to obtain a service project by buying magazines for the library, please contact Mr. Freeland immediately.

Throwin' the Bull . . . I have an answer to a question! And the question is this: "Do today's young men mature later than their fathers?" The answer is a definite no. In fact many more young men are emotionally and intellectually mature at 18 than their own dads were at 25. That stands to reason because of the broader educational opportunities and more freedom in making decisions. But I have to say that today's young'uns are far behind their fathers in financial independence. They become self-supporting later in life, for they need more extensive education and training. This curtails their opportunities to practice complete independence of thought and action.

V. J. Dorman, Attorney, DORMAN AND DORMAN, 531 Land Title Bldg., San Diego 1, California.

L. G. Review, May 27, June 3,

10, 17, 24; July 1, 8, 15, 1954.

I haven't had the privilege of meeting you, but I have met many of your publishing colleagues. I am deeply impressed by their willingness to help insure our American way of life.

They are aware that our heritage and our future freedoms are being threatened in public schools today by textbooks that list fat to the left politically; by ultra-progressive "educators," and by outright subversion.

Youth is less prepared for life today than in the past. The frozen-in hierarchy of professions has usurped policy making from the people, progressive education has eliminated stressing the fundamentals of communication, character building, and love of America from school curricula.

No wonder it is almost impossible to find any thinking citizen in California who is satisfied with our public schools. No wonder your colleagues have agreed to help my campaign editorially or in news columns. They agree that these conditions must be changed; that we must repair the damage already inflicted on our youth, country, and schools. They agree that I am the candidate for the task.

Will you help too by publicizing my candidacy? I pledge it will be in the service of America's future, and America's freedom. Youth can be taught freedom or collectivism, which is it to be in California?

Sincerely,
Edward L. Alberts
(Candidate for the office of State Superintendent of Public Instruction)

visitors for action. He agreed that his department's refusal to sign was based partially on principles—and that he couldn't permit the winking of the executive eye at the code which does not specifically allow such a project to be put on, according to his interpretation.

No one can question Dr. Miller's integrity but certainly his judgment lacked sympathetic understanding. My belief is that every government department must be operated for the good of the people, not against them. The Planning Department is supported by taxpayers basically to defend residents against detrimental uses of neighboring property. Dr. Miller, or his department, cannot dish up this school fete as illegal, unlawful, or detrimental. I sincerely believe that he should have initiated the permit to give the affair the degree of legitimacy that is in keeping with the character of the good people who put it on.

On June 15, the Planning Department is offering a consolidated zoning ordinance which is said to be "all encompassing." Every mother's son of you who lives in, or owns property in Lemon Grove owes it to himself to study this ordinance. There is the possibility that this new ordinance, in the face of this department's action, may be so all-encompassing and clinical that the humanitarian element is completely forgotten.

I, for one, would resist being zoned into an Armed-Forces-base-type of existence and if our present loose zoning denied us a Swimming Pool Carnival it may even designate the number of children we may produce.

A copy of the ordinance is available for inspection at the office of the Review.

Dear Sir:

Guide Dogs for the Blind, Inc. opens its annual membership drive—which is a drive for funds to carry on its work—on May 25, 1954 in Lemon Grove. The Drive closes June 30.

We are hoping that you will want to run an editorial, as you have in the past, urging public support for the drive so that our work with blinded veterans and civilians in the 22 Western States can go full speed ahead.

We are deeply appreciative of the good press we have enjoyed from THE LEMON GROVE REVIEW and want to thank you in advance for whatever help you can give us during our 1954 campaign.

I am, sincerely yours,
GUIDE DOGS FOR THE
BLIND, INC.,
Mrs. Maurice Gale,
President

Dear Sir:

The Monterey Heights P.T.A. wish to express their appreciation for the cooperation you have given our Unit in publishing our publicity. We have a strong community minded organization, and we have personally heard some wonderful remarks concerning the community interest you have shown in "The Lemon Grove Review."

Our Unit has kept a Publicity Book for the last two years made up of newspaper publicity, and we would like to point out that because you have published our items and have taken pictures of our activities, that are necessary for this Publication Book, we have been able to win State Certificates of Achievement signed by the state president of The California Congress of Parents and Teachers.

Thanks again for your splendid cooperation.

One of our sweet girl friends recently received a letter from an El Cajon jewelry outfit stating that she had "won a diamond" retail value \$50.00 in a counting contest—there would be a small labor charge of course for setting this award.

We thought this type of advertising (?) was the prerogative of the pitchmen at the old time carnivals, and we are really surprised that El Cajon tolerates this kind of publicity. And again, another girl friend (we have lots of 'em) won a guessing competition at the Lemon Grove Big Ace Market and was presented with a diamond studded wrist watch outright without any strings attached. Of course there is a moral to this story—"Trade in Lemon Grove."

They quickly assumed the role of community representatives. The day after their selection they rode in a parade at La Jolla.

Next Saturday, they will participate in the annual Pioneer Days parade at Fallbrook and will have an opportunity to meet Governor Goodwin Knight who will be honorary guest at the event.

Jury Indictment Of Assemblyman Based on Facts Says Gibson

Switch Seen to Gibson Camp

John B. Gibson, La Mesa oil distributor and candidate for State Assembly in the 77th District, stated this week that he had no part in proceedings that resulted in the Grand Jury indictment of Assemblyman Edwin Bulen.

When Bulen surrendered and was booked at county jail he charged the indictment was "a political frameup," and inferred that Gibson, a member of the Grand Jury, was responsible for the action against him. However, Judge L. N. Turrentine, announced from the Superior Court bench that Gibson had been on leave of absence from jury duty since mid-April and had not participated in the hearings.

The statement issued by Gibson said, "I have not served on the Grand Jury since April 16, at which time I requested leave to give my undivided attention to my campaign for Assembly of the 77th District." He added that it was unlikely that anyone could possibly influence the Grand Jury and said, "Their indictment of Mr. Bulen was based entirely on facts uncovered by the investigation and acknowledged by Bulen."

Labeling Bulen's inference that he was responsible as "A political alibi," Gibson said, "I am sure the public would command anyone who reveals such manipulation of public funds to their personal benefit, directly or indirectly, but I cannot take credit for that. My campaign has been objective," he continued, "and I do not choose to seek election on discrepancies in the record of any other candidate."

Miss Lemon Grove To Meet Gov. Knight

Vicki Seeman, "Miss Lemon Grove of 1954" will be this community's representative in the Fairiest of the Fair finals at Del Mar on June 5. The Fairiest of the Fair is the young lady who reigns over the Southern California Exposition & County Fair, June 25 through July 5.

Miss Seeman, a 19-year-old freshman at San Diego state college, received her title last Friday during the highly successful carnival. She has dark brown hair, weighs 115 lbs. and is 5 ft. 4 inches. At the same time, Gail Wales was selected to represent Spring Valley in the finals. Gail attends Helix high school. She is 5 ft. 8 in. tall, has green eyes and brown hair.

They quickly assumed the role of community representatives.

The day after their selection they rode in a parade at La Jolla.

Next Saturday, they will participate in the annual Pioneer Days parade at Fallbrook and will have an opportunity to meet Governor Goodwin Knight who will be honorary guest at the event.

LEMON GROVE COUPLE HOT ON FISHING DERBY

Dr. Lloyd S. Adams and his anglerette wife, Dr. Amorita Treganza Adams of 3251 Kempf, are going full blast in the Lemon Grove Liars and Fishing Contest. Dr. Adams boated a 32 lb. 6 oz. yellow tail last Thursday to take the weekly prize in the Junior Chamber of Commerce Derby for San Diego. Dr. Treganza, with a 13 lb. 6 oz. conceded she is lagging behind in the Derby but so far leads the women's field in Lemon Grove.

Her great ambition is to outfit her fishing husband who, at present, is one of San Diego's top yellowtail fishermen.

'Shoppers Are Funny'

BY BOB TURNBULL

The other day in "Big Ace" a lady approached a check stand and wanted to be checked out. Just as the checker reached for her groceries the lady remarked, "Wait a minute, I think I better go get my car and park it in front of the store. Will you please hold my place in line till I get back?" The checker said she would and then the lady gave the punch line. It seems that her car was parked in front of Michael's and she wanted us to hold up about eight other customers until she returned with her Stanley Steamer. Some people!

One of the many new features of "Big Ace" is a qualified watch making department. Mr. and Mrs. Vaughn Lerwill are in charge of this department and feature watch repairing at sensible prices. In addition sales of all types of jewelry, including watches, diamonds and accessories, are available to shoppers. Modest prices prevail.

One of the box-boys was telling me this story a day or two ago. It seems that some lady was having a rough day of it. As it happens to everyone sooner or later, the day was going all wrong. As the box-boy was wheeling her cart to her car she was complaining about this 'n that. As they approached the car, she stopped and looked the fellow in the eye and said, "I bet you think I'm the worst customer that ever shopped at a market, don't you?" The boy retorted with a twinkle in his eye, "One of our mottoes is that the customer is always right." There was a second of uneasiness and then the lady broke out in a laugh. The rest of the day was pleasant for her.

BEAL REPLACES NETZLEY AS ASDCSA PREXY

Arthur P. Beale, Superintendent of Escondido Union High School, was elected to the presidency of the Association of the San Diego County School Administrators at the last meeting which was held at the Mission School in Oceanside.

Mr. Beale replaces Byron L. Netzley, local superintendent, who has held the gavel for the past year.

Other officers elected were: first vice president, Ben Fugate; second vice president, Wilfred C. Seaman; secretary, Dorothy Hardin; treasurer, John Land; secondary representative, Benton Hart; and elementary representative, Burton C. Tiffany.

The new officers were installed by Harold Hughes, assistant superintendent, Grossmont Union High School District.

FIRM MARKS FIFTH ANNIVERSARY

The Lemon Grove Trading Post marked its 5th anniversary this month, according to Walter Palmer, the firm's owner.

Palmer started the organization in a small 1,000 square foot building in which only used furniture and appliances were handled. It now covers 3,600 square feet in a redwood frame building and handles mostly new merchandise including most major appliances and better lines of furniture.

Palmer, a Missourian and veteran of World War I, came to the county in 1926.

"We have tried to keep pace with the growth of Lemon Grove and I think we have done a fair job of it," Palmer said. "I expect to be here when the population of Lemon Grove reaches 60,000," he concluded.
